

## 2000L Jacky Bin

The 2000L capacity JACKY Bin is the largest of the JACKY Bin hoppers. It provides bulk storage for up to 1400kg and makes good use of vertical space in your roastery (rather than floor space). The fully removable lid allows easy access to the inside of the bin for cleaning if needed.

**2000L Jacky Bin**

(shown with standard galvanised steel frame)

## Benefits

-  Faster pre-roast processing
- +  Substantially reduced OH&S risk
- +  Healthier staff
- +  Tidier workspace
- +  Improved efficiency
- =  Better Returns!
